SUMMARY

B.E. Information Technology student with a 8.1 SGPA and a strong foundation in Python, JavaScript, SQL, and database technologies.
Experienced in developing AI-powered applications and responsive web solutions through academic projects. Interested in Artificial Intelligence, Full-Stack Development, Competitive Programming, and building practical software solutions. Strong problem-solving mindset with a focus on continuous learning and modern technologies.

EDUCATION

Maharashtra State Board of Technical Education Amravati, Maharashtra
Government polytechnic Achalpur. 2024 June
SGPA: 81.07

Bachelors of Engineering (Information Technology) Amravati, Maharashtra
Prof Ram Meghe College of Engineering and Management, Badnera 2027 June
SGPA : 8.1

PROJECTS

Bus Booking & Management System

- Developed a full-stack bus booking platform using React, Node.js, Express.js, and MongoDB.
- Implemented user authentication, bus search, seat selection, and booking management features.
- Built an admin dashboard for managing buses, routes, and bookings.
- Designed RESTful APIs to connect the frontend with backend services and database.

CareerAI Pro – AI-Powered Career Toolkit

- Developed an AI-powered career platform using HTML, CSS, JavaScript, and Claude API.
- Implemented resume analysis and ATS compatibility checking to help users improve their applications.
- Added an AI cover-letter generator and career guidance tools for personalized job-search support.
- Integrated AI API functionality to generate career-related recommendations and content.

ACHIEVEMENTS

- Built and deployed 2 software projects leveraging AI and modern web technologies.
- Maintained strong academic performance with SGPA 81.07 (Diploma) and 8.1 (B.E).
- Hackathon Participant – Participated in a hackathon and collaborated with a team to develop and present a technology-based solution.
- Completed Python programming training with hands-on coding practice.

SKILLS & INTERESTS

- **Technical:** Python, JavaScript, SQL, React.js, Node.js, Express.js, HTML, CSS, MySQL, MongoDB, SQLite,
- **Laboratory:** Database Design & Management, Software Development Lifecycle (SDLC), API Testing, Data Structures & Algorithms, Web Application Development
- **Interests:** Artificial Intelligence, Full-Stack Development, Competitive Programming, Reading Technology Blogs, Problem Solving, Open-Source Software
- **Tools:** Git, GitHub, VS Code.
